Authorization

I authorize Dr. Garon E. Larsen and/or assistants as he may designate to perform those procedures as may be deemed necessary or advisable to maintain my dental health or the dental health of any minor for which I have responsibility, including arrangement and/or administration of any sedative (including nitrous oxide), analgesic, therapeutic, and/or other pharmaceutical agents, including those related to restorative, palliative, therapeutic or surgical treatments.

I understand that the administration of local anesthetic may cause an untoward reaction or side effects, which may include, but are not limited to bruising, hematoma, cardiac stimulation, temporary or rarely, permanent numbness, and muscle soreness. I understand that occasionally needles break and may require surgical retrieval. I understand that as part of dental treatment items including, but not limited to crowns, small dental instruments, drill components, etc. may be aspirated or swallowed. This unusual situation may require a series of x-rays to be taken by a physician or hospital and may, in rare cases, require bronchoscopy or other procedures to ensure safe removal. I understand that as part of the dental treatment, including preventive procedures such as cleaning and preventive dentistry, including fillings of all types, teeth may remain sensitive after completion of treatment. After lengthy appointments, jaw muscles may also be sore or tender. Gums and surrounding tissues may also be sensitive or painful during and/or after treatment. Although rare, it is also possible for the tongue, cheek or other oral tissues to be inadvertently abraded or lacerated during routine dental procedures. In some cases, sutures or additional treatment may be required.

I understand the need to disclose to the dentist any prescription drugs that are currently being taken or that have been taken in the past, such as Phen-Fen. I understand that taking the class of drugs prescribed for the prevention of osteoporosis, such as **Fosamax, Boniva, or Actonel**, may result in complications of non-healing of the jawbones following oral surgery or tooth extractions.

I do voluntarily assume any and all possible risks, if any, which may be associated with general preventive and operative treatment procedures in hopes of obtaining the potential desired results for my benefit or the benefit of my minor child. I acknowledge that the nature and purpose of the foregoing procedures have been explained to me if necessary and I have been given the opportunity to ask questions.

I understand that it is my responsibility to provide my correct/updated insurance information and that this office will bill my insurance as a courtesy to me. I understand that Dr. Larsen may not be a participating dentist in a discounted insurance plan, and that I am responsible for all charges not paid by the insurance company. I agree to pay a finance charge of 1.5 % per month (an annual rate of 18 %) on the unpaid balance after 90 days and collection costs and/or a reasonable attorney's fee (up to 40% of principal amount owing) if any delinquent balance is placed with an agency or attorney for collection or suit.
